It is no disgrace to be born
poor and it is no disgrace to
die poor, but in between,
what does it hurt to be rich?

In Memoriam

The GSU community lost this week a warm and enthusiastic supporter. After a long, heroic fight against cancer, Mary Dineen, Secretary of the GSU Foundation, died last Saturday at her home in Park Forest. Mary is survived by her husband, Bob, and children Timothy, Patrick, Robert, Rochelle, Cristine and Stephen.

Mary Dineen was an intensely active person, participating in a host of community and church activities. It was in this spirit that she became, two-and-a-half years ago, one of the founders of the current GSU Foundation. She spent hundreds of hours in prospect research and in the subsequent typing of the four thousand cards presently used by the Foundation as its annual drive mailing list. At Board meetings she aggressively and consistently stood for total community control of the Foundation--a wise position in the light of recent litigation aimed at some university foundations.

In a word, Mary will be sorely missed by the Foundation Board and, yes, by the University. Though many in the University community may not have had the privilege of knowing Mary, they have, in fact, lost a friend. Our heartfelt condolences to Bob Dineen and to the entire Dineen family.

DID YOU KNOW?...In 1913 the income tax statute was 15 pages long and levied taxes at rates from one percent to six percent. Since then it has grown to an Internal Revenue Code requiring 1,700 pages of the United States Code and 6,000 pages of regulations levying income taxes at rates up to 70 percent. As a result, the typical fully employed American begins to work for himself around May--or, on a daily basis, after about two and a half hours. Prior to that, he works solely for local, state, and federal governments.
